CONTEMPORARY DESIGNS

Less is More...

Today's hectic lifestyles create the desire for simple yet sophisticated spaces to call home. The sleek, clean lines of contemporary styling help achieve the look made so popular by high-end European cabinet companies.

Now, Conestoga expands its offering of contemporary designs with two classic selections, the Astoria and Savoy. These veneer slab designs feature 3mm and .5mm wood edging with the option of either vertical or horizontal grain direction.

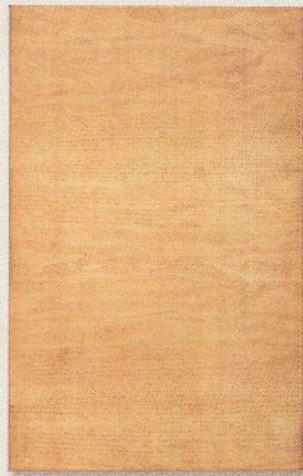

Whether choosing a basic slab or a timeless five-piece style, Conestoga is the source for your contemporary door designs.
